

Discussion Review and 2nd day work overview

AFRIMET Conference #05

Boadilla del Monte, Madrid, October 2012

LF LOPEZ COTIN - AFRIMET Programme Manager
llopezc@aemet.es

To be considered

- Significant differences on projects status
- METAGRI pilot project successfully finalised
- Decisions on how to skip from Pilot Projects to Operational Services
- New approach on funding strategy
- AEMET seed money, but other donors on the stage!
- Funds allocation to:
 - Ensure the Conference of Directors as a tool for projects coordination
 - Mobilisation resources
- Not only donors, but new partners could be engaged

- Taking advantage of CIHMET experience on training activities (technical and managerial) in cooperation with EUMETSAT, ECMWF, and AEMET experts
- Reusing the expertise gained on the frame of AFRIMET
 - By Burkina Faso, Niger from IRI (Health and Climate);
 - By Cape Vert, Gambia, Mauritania, Senegal from Météo-France and UKMO (Meteo Marine)
 - By most of countries from SDS-WAS, EUMETSAT (Satellite interpretation, Dusts...)
- Supporting an International Centre of Meteorology in Spain
- Improving NMHS visibility through www.afrimet.net
- Fostering AFRIMET concept among any potential stakeholders

Gracias, Merci, Obrigado, Thank you
